Creating links to library resources found in Catalyst

Search for items in Catalyst.
Once you have found an item that you wish to link to, click the permalink icon:

From the results screen:

From the expanded record screen:
A box will display showing the permalink. Click copy the permalink to clipboard to the clipboard or copy and paste the link into the document where you wish to use it.

From the results screen:

From the expanded record screen:

Paste this link into the document where you wish to use it. This link will work both on and off campus and students will be prompted to login with their myLoyalist credentials as required.
